

FELIPE DOS SANTOS SILVA

Python Developer | Automation Analyst (RPA) | Linux Specialist

www.linkedin.com/in/felipess-dev | github.com/felpnoo | felpssilvam@gmail.com Boa Vista, Roraima, Brazil

PROFESSIONAL SUMMARY

Computer Science student (7th Semester) and Python Developer focused on Process Automation (RPA) and Cloud Infrastructure. Strong technical background in Linux (NixOS/Arch), Shell Scripting, and DevOps fundamentals. Experience combining software development with operational troubleshooting to optimize workflows. Recently certified in Cloud Architecture, Python Development, and Java by FIAP. Passionate about building reproducible environments and solving complex problems through code.

TECHNICAL SKILLS

- **Languages:** Python (Pandas, Selenium, OpenCV, Django), Java, Shell Scripting (Bash), JavaScript/TypeScript, SQL.
- **Infrastructure & OS:** Linux Administration (Advanced - NixOS, Arch), Docker, AWS (Cloud Practitioner Concepts), Windows Server.
- **Tools & Methodologies:** Git/GitHub, CI/CD Pipelines, Agile/Scrum, VS Code, TrueNAS.
- **Focus Areas:** RPA (Robotic Process Automation), System Hardening, Web Scraping, Backend Development.

PROFESSIONAL EXPERIENCE

SONDA | Boa Vista, Brazil **IT Field Service Analyst** | *Dec 2025 – Present*

- Manage critical IT operations for Civil Forum clients, ensuring high availability of systems.
- Diagnose and resolve hardware and software failures under high-pressure environments, maintaining strict SLA compliance.
- Act as the Tier 2 support link for complex infrastructure issues requiring advanced troubleshooting.

MEGA CURSOS | Boa Vista, Brazil **Computer Science Instructor** | *Sep 2025 – Dec 2025*

- Taught Logic, Algorithms, and Basic Computing to diverse student groups (ages 8-25).
- Developed comprehensive didactic materials and practical coding exercises to facilitate learning.
- Maintained laboratory hardware and software, ensuring a 100% operational learning environment.

UNIVERSIDADE ESTADUAL DE RORAIMA (UERR) | Boa Vista, Brazil **Python Instructor (Extension Project)** | *Sep 2024 – Oct 2024*

- Led a "Python for Beginners" bootcamp for the academic community.
- Designed the curriculum covering Python syntax, data structures, and introduction to automation scripts.
- Mentored students on their first coding projects, fostering a problem-solving mindset.

SH EMPRESAS | Boa Vista, Brazil **Junior Developer & Technical Support** | *Apr 2023 – Sep 2024*

- Co-developed internal tools for the sales team, integrating Front-end interfaces with **Python (Django)** Back-end.
- Managed Linux servers and automated routine maintenance tasks using Shell Scripting, reducing manual workload.
- Acted as a liaison between hardware suppliers and the internal development team to optimize infrastructure.

EDUCATION

Bachelor of Science in Computer Science | *Expected Nov 2027* Universidade Estadual de Roraima (UERR) – Roraima, Brazil

CERTIFICATIONS & COURSES

- **Python Development** – FIAP (80h, 2026)
- **Cloud Fundamentals, Administration & Solution Architect** – FIAP (80h, 2026)
- **DevOps & Agile Culture** – FIAP (60h, 2026)
- **Java Development** – FIAP (60h, 2026)
- **Responsible AI (Artificial Intelligence)** – FIAP (80h, 2026)

- **Automation Systems & Project Management** – IFRS (60h, 2026)
- **Linux Fundamentals & Infrastructure** – FIAP (60h, 2026)
- **Complete Python Bootcamp: From Zero to Hero** – Udemy (141h, 2026)

LANGUAGES

- **Portuguese:** Native
- **English:** Professional Working Proficiency
